

## **REMARKS**

### ***Summary of Changes Made***

The Application was filed with 44 claims, and claims 5-7 and 21 were canceled in a preliminary amendment. Applicants hereby elect without traverse the invention of the Group I claims (claims 1-4, 8-19, 27, 28, 32-38 and 40-44). Claims 20, 22-26, 29-31, and 39 are canceled herein. Although claims 20, 22-26, 29-31, and 39 are canceled, Applicants intend only to withdraw the subject matter thereof from consideration as drawn to a non-elected invention.

While Applicants reserve the right to pursue the subject matter of claims 20, 22-26, 29-31 and 39 through the filing of one or more divisional applications, new claims 46-52 are presented to correspond to the subject matter of withdrawn claims 20, 22-26, 29-31, and 39. Such claims include product limitations of appropriate product claims with a view to rejoinder, if such becomes possible. Claim 45 captures subject matter lost from amendment to claim 41 to remove multiple dependency. New method claim 46 finds support in paragraph [0045] of the specification. It is therefore believed that claims 45-52 belong to Group I, and are included in the election.

Minor clarifying amendments are made to claims 2-4, 8-17, 27, 28, 32-37, 41 and 42, which do not substantively the scope of the claimed subject matter.

Accordingly, claims 1-4, 8-19, 27, 28, 32-38, and 40-52 (38 claims) remain pending. No new matter is added by this amendment.

## **CONCLUSION**

In light of the foregoing, it is respectfully submitted that the present application, including claims 1-4, 8-19, 27, 28, 32-38, and 40-52, is in condition for allowance and notice to that effect is hereby requested.
